# ALWAYS AT YOUR SERVICE!

NEW!

Our new workbench WB625 offers maximum storage space with seven extra-wide drawers and is also extremely robust. One practical feature: the beech wood multiplex worktop with a working height of 104 cm is FSC certified. Includes individually attachable paper roll holder for paper rolls up to 30 cm wide.

XXL

115 cm wide | 7 drawers | 3 cm thick beech-wood multiplex worktop

**WB625**  
**incl. 161-pce. set**  
of premium tools

Two drawers packed with tools!

**€ 1899.00\***

INSTEAD OF € 3998.00

1st drawer

2nd drawer

You can find a detailed overview of all the tools by scanning this QR code.

104 cm

A STAHLWILLE exclusive: the convenient work height of 104 cm promotes a strain-free working stance. The robust construction and the beech multiplex worktop guarantee the typical Made in Germany durability for which STAHLWILLE is known.

Three-stage safety logic: Central locking with recessed cylinder lock at the side. Together with the fold-down key, this reduces injuries and damage. Individual locks prevent inadvertent opening in transit – topple-proof construction prevents opening more than one drawer at a time.

XXL

XXL for everything. Seven removable drawers with full-extension rails and a width of 880 mm provide plenty of storage space. The beech wood multiplex worktop is not only particularly large (1150 x 500 x 30 mm), but also FSC-certified.

Oil and acid-resistant smooth-running wheels (ø 125 mm) with carpet protection to prevent ingress of dirt and fibres into bearings, with two parking brakes.

TCS

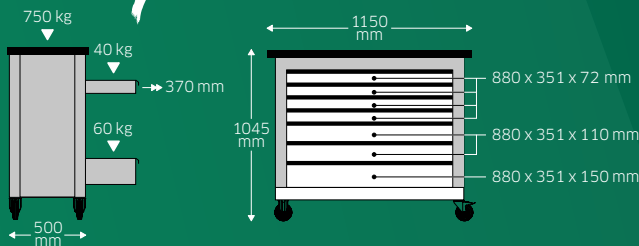

Up to five inlays in one drawer, see page 11.

Despite 161-pce. tool set, five drawers still free!

Refine your workbench with the TCS inserts from page 10.

## The kings of the lumberjack competition series rely on STAHLWILLE tools

STAHLWILLE has been the official tool partner of the national STIHL TIMBERSPORTS® Series since 2021 and sponsor of Marcel Steinkämper, winner of the 2021 German Rookies Championship.

For Marcel Steinkämper, who also set a new interim world record for the rookies on the springboard in 2021, one thing is clear: »In STIHL TIMBERSPORTS®, technology and handtools play a crucial role. That's why I rely on high-quality tools from STAHLWILLE not only in sports, but also in my daily work.«

Marcel Steinkämper is currently preparing for his car mechatronics master's examination and plans to move into the professional class of sports lumberjacks in the near future.

Marcel Steinkämper  
TIMBERSPORTS® rookie

# YOUR ONE-STOP SHOP!

At STAHLWILLE, we do not make compromises. That is why our latest tool trolley model – the TTS93 – offers many of the features from the well-known TTS series. Includes individually attachable paper roll holder for paper rolls up to 30 cm wide.

TTS93  
incl. 130-pce. set  
of premium tools

€ 899.00<sup>\*</sup>  
INSTEAD OF € 2367.00

TTS93  
Also available  
without the tools

€ 555.00<sup>\*</sup>  
INSTEAD OF € 1248.00

You can find a detailed overview of all the tools by scanning this QR code.

All the drawers can be **fully extended**. Use of STAHLWILLE's standard TCS inlays or the variable drawer dividers ensures a clear overview and easy tool removal.

**Oil and acid-resistant smooth-running wheels** (Ø 125 mm) with carpet protection to prevent ingress of dirt and fibres into bearings, with two parking brakes.

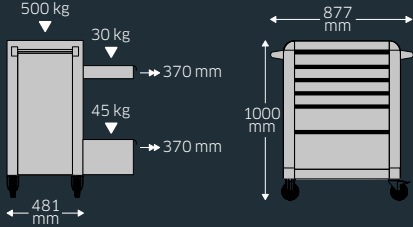

High static load capacity of up to **500 kg**. The bottom drawer has a load capacity of up to **45 kg**!

**Central locking** with a cylinder lock and **fold-down key**. It is not possible to pull out more than one drawer at a time, making them, in effect, **topple-proof**.

## Set with SENSOTORK® 701

Compact torque wrench for small torques.  
Now also available with direct adjustment of the joint settings on the tool. With permanently integrated fine-tooth ratchet and 80 teeth with QuickRelease technology. The perfect compilation with a range of bits and sockets.

- For torques from 1 - 20 N·m.
- Ideal for tightening fasteners in state-of-the-art materials such as plastic, magnesium and aluminium. Like on carbon-frame bicycles.
- Various modes of operation: track, peak hold, joint with fastener evaluation.

**QUICKRELEASE SAFETY LOCK**  
Ensures tools cannot be inadvertently lost – while enabling rapid, safe tool changes, from the ratchet and extension through to the universal joint and drive handle.

## 721QR/20/3/1 Quick

This 5-pce. wheel-fitting set is safely housed in a sturdy, convenient plastic case and offers the most important tools for wheel changing in a single set.

- With the QuickRelease safety lock, ensuring rapid insert tool changes.
- Specially designed plastic sleeves with a protruding rim help select the right size socket quickly while also protecting alloy wheels, wheel bolts and nuts.

## Brief introduction: types of spanners

We all know the terms spanner and wrench. But what are the differences between them? Socket spanners? Self-grip wrenches? And what is the difference between a plumber's wrench and a Stillson wrench? Spectrum will update you on these and other issues.

**HPQ® HIGH-GRADE STEEL**  
Thin-walled, and yet extremely resilient to loads, and gentle on fastener heads.

**FOD COMPLIANT**  
The screwless tool design protects against foreign object damage (FOD) and provides greater safety in sensitive areas such as aviation.

**EFFICIENT**  
Eighty teeth provide a ratchet angle of only 4.5° - facilitating efficient working in confined spaces.

**AS DRIVE PROFILE**  
STAHlwILLE sockets are equipped with the AS Drive profile, which permits high transmission of forces to the flats of nuts and bolts without damaging them.
